Experience

Iroko Events International | Budapest, Hungary

Front End Developer (Remote) | 01/2022 - Present

- Developed the company website giving it a gorgeous user interface. Built landing pages, lead forms, and organized emails and also 3 efficient and re-useable front-end systems.
- Designed and implemented a robust voting system utilizing React.js and Firebase, seamlessly integrated into the company website, which led to a **20% increase** in voter participation due to the intuitive and accessible design.
- Developed a customized admin panel to efficiently manage and monitor vote counts (the voting system), enhancing transparency and facilitating a streamlined voting process, leading to a **60% reduction in time spent on admin tasks**.
- Leveraged email.js to automate confirmation emails, providing participants with real-time feedback and contributing to a transparent and error-free voting process thereby **reducing voting errors by 95%**
- Researched new technologies, tools, and techniques to assist Tech operations, and determined which would be most useful to the business.

Agro Bar-magen | Ibadan, Nigeria

Web Developer (Remote) | 09/2022 - 01/2023

- Consistently refreshed and managed the company's primary website, leading to a **sales boost exceeding 10%**.
- Researched and implemented correct coding practices for SEO, resulting in higher search engine rankings than previously, **this drove a 300% increase in users by appearing on the first page of Google search results**.
- Successfully identified and resolved website issues and bugs, resulting in improved user experience and **a 100% increase in website traffic**.
- Worked closely with 2 developers and a team lead to build, manage and maintain complex software programs.

Agrofeed Integrated Services | Lagos, Nigeria

Front End Developer | 11/2019 - 01/2022

- Single-handedly built and consistently enhanced the company's official website, establishing a vital online presence and **driving a sales surge of over 20%**.
- Improved the company's search engine rankings by 100% using certain Search Engine Optimization (SEO) techniques, thereby significantly increasing online visibility and awareness.
- Attended and chaired more than 5 board meetings and executive committee meetings, leading to the adoption of an action plan by the board
- Worked with more than 2 departments across the company, including marketing and project management, in developing new ideas, initiatives, products, and services
- Maintained graphic standards and branding throughout the product interface
- Utilized HTML, CSS and JavaScript to create 3+ fully responsive landing pages to meet industry and company standards
